1 Introduction

This is where you tell people why they should bother reading your article.

1.1 What Is the Question?

Ask Shakespeare.

1.2 Why Do We Care?

We're all generally curious.

2 Conclusion

Not much of a paper, but it's a start.

3 Literature Review

This is the section that is invariably much longer than it should be, and where everyone tries to impress peers about how easy it is to locate various references in online databases.

*My advisor for not reading a single draft.
